

MPRC 16C- 645-E3 Kit (shown above)

Gasket and Seal Solutions for EMD® 567/645 and 710 Engines

MPRCseals.com is pleased to offer gasket and seal components, including Marmon seals for 567/645 and 710 engine models. MPRC is a licensed manufacturer of premium materials such as Genuine Viton™, recommended for Turbo and Roots Blown Engines. In addition to stock kits for standard components, MPRC offers custom kits specific to the engine and application that each customer may be working with, offering the freedom and flexibility to change on the fly.

MPRC understands the expectations of our customers. As innovators in seal technology, our premium materials help improve sealing performance and increase service life, helping you meet and exceed those expectations.

Since 1982, Master Packing & Rubber Company has become a sealing specialist recognized by OEM's, Railroad, Marine, and Power Generation Companies, providing innovative sealing solutions for some of the most demanding applications. Keeping the engine sealed is a primary goal, and using MPRCseals.com premium materials has significantly improved this goal.

Viton™ is a trademark of The Chemours Company FC, LLC.

EMD® is a registered trademark of Electro-Motive Diesel, owned by Caterpillar through its subsidiary-Progress Rail Services.
